SIDNEY H. STEIN, U.S. District Judge.

The Court received ECF document numbers 318, 319, 320, and 321 earlier today. The parties are directed to continue to attempt to negotiate a stipulation of simply the necessary facts. The Court sees no reason why an appropriate stipulation cannot be reached. In the interim, the government is not required to produce 3500 material and trial exhibits. The court has no current intention of severing additional defendants from the May 6 trial. The parties are to report by tomorrow at 1:00 p.m. whether they have reached agreement.
